TECHNICAL DETAILS

Premium Materials

Combination of 3 key materials: TR 90 Grilamid for lightness and strength, medically tested steel for durability, and aluminum for the elegant and sturdy temples. Nyodium magnet.

Integrated Design

The clip is designed to be hidden, ensuring a clean aesthetic when the sun clip is not in use.

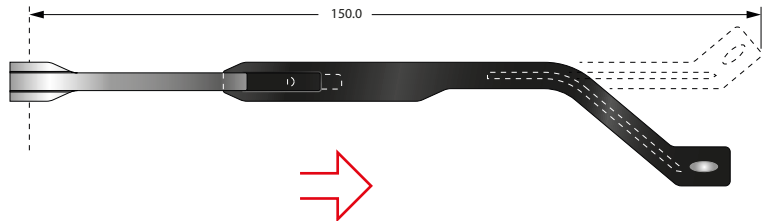

Personalized Comfort

The innovative telescopic mechanism allows the temple to extend from 13,5 to 15 cm, perfectly adapting to every face size and feature.

Every component of CliC On has been designed with crucial attention to detail:

Double-locking magnetic system for maximum security;
Ultra-thin profile that maintains an elegant aesthetic;
Optimal weight distribution for long-lasting comfort;
Perfect integration of different materials for superior performance.

The result is a product that combines cutting-edge technology and timeless design.
